

ARE THE LOCOFOS IN FAVOR OF A TARIFF?

The leading Locofocos—the managers and wire-pullers—aware that the popular sentiment of the country is in favor of protection to home industry, endeavor by equivocation and misrepresentation to have the people believe that they are the friends of a tariff. To accomplish this end, they cry down Mr. Clay's protective principles, and insinuate in some cases, and in others boldly avow, that their candidate, Polk, is in favor of as good a tariff as the Whigs. Many of them urge this in conversation, and occasionally a Locofoco journal has the effrontery to utter similar sentiments publicly. We advise the friends of home industry, before they give the slightest credence to the assertions of these fellows, to ask them if they and their party did not, with all their might, oppose the passage of the present tariff? Did they not oppose it at every step of its progress? And after it became a law, did they not denounce it as a bill of abominations? If they tell you that Silas Wright voted for it, say to them in reply, that he did so under protest, and made a long speech explanatory of his vote, in which he said he did not approve of the protective features of the tariff; but as the country was suffering for revenue, he merely accepted it as the best that could at the time be had, and that he would readily concur in its modification, so as to destroy the protective principle. He wished duties laid without discrimination.

Let the farmers inquire of these pretended friends of home industry if their candidate, Polk, is in favor of protecting wool! Stick them to this point. Polk's declarations on that subject are full and explicit. Be not content with mere professions. Locofocism, Janus-like, assumes all guises to accomplish its ends. It scruples not to take every shade. With its advocates truth has but little weight. The friends of home labor must never let them escape. Smoke them out of their holes if necessary, and force them to avow their real sentiments upon this vital and all-important question. If they attempt to evade, by crying out "Bank, Bank," point them to Dallas's twenty-five bank votes. If they yell "Disruption," tell them it was originally a Jackson measure. If they say the Whigs are in favor of assumption of State debts, tell them, if they are intelligent, that they assert deliberate falsehoods. If they are ignorant, misguided, set them right. In no case suffer them to escape without avowing their true sentiments.

HENRY CLAY, from the commencement of his career, has been the firm and efficient friend of home industry. When but a youth, during his first term of service in the Kentucky Legislature, he was grossly insulted by a free trade advocate of that period, for proposing to dress in homespun cloth. Upon this point he has never wavered; and all the efforts to detract from his fame are as futile as the viper biting the file.

Secretly the Locofoco party are in favor of free trade in its widest sense. The more sly, cunning, jesuitical portion of them conceal their sentiments, and should on that account be the more closely watched.—*Rochester Democrat.*

4th. Democracy of proscribing office holders for opinion sake, without regard to qualifications.—[Jackson et al.]

6th. Democracy of the Government's having only to take care of itself, and leaving the people to take care of themselves.—[Van Buren, &c.]

8th. Democracy for the extension of slavery, by purchase of a foreign State to increase it.—[Polk and Dallas.]

13th. Democracy of British Free Trade, to build up European mechanics and farmers, to the destruction of American labor.—[By the whole company.—N. Y. Express.]

HEALTH AND HAPPINESS AT HOME.—Hundreds perhaps thousands, of our citizens annually resort to foreign climes in pursuit of health. By a timely use of the proper means at home, in a large proportion of the cases, this expatriation would be unnecessary, and health could be re-established, and the constitution braced up as well here as abroad. It is a fact generally admitted that most diseases have their origin in the impure state of the blood, which causes unhealthy secretions, and this soon produces a disorganization of the whole system. We take pleasure in calling the attention of our readers to a valuable medicine, known as SANDS'S SARSAPARILLA, which will effectually eradicate all impurities from the system, and for scrofulous and chronic maladies it is generally considered an unfailing means of relief and cure.

LOCAL NEWS.

THE CLUB HOUSE.

This building, designed for the accommodation and convenience of the Washington City Clay Club, and for Whig meetings generally, will be commenced on Monday morning at eight o'clock. The material for the building has been procured, and will be on the ground opposite the Centre Market space, at that hour; and we call upon all our worthy Whig mechanics—

To be on the ground, and aid us in the rising. Of a stout Whig Club House for Clay and Frelinghuysen.

STEAMBOATS.—A disagreeable collision has been existing for the last week or two between the proprietors of the steamboats, Phoenix and Joseph Johnson, plying between our city and Alexandria, in relation to their hours of departure from the two cities—which has been the occasion of great inconvenience to the numerous persons who have to pass to and fro between our city and Alexandria on business. The boats formally left the wharves of the two towns at intermediate hours, thus affording a certainty of passage at every hour in the day. From some cause or other, to us unexplained, this judicious and accommodating arrangement has been broken up, and now it is a mystery to all when they start, or if they run at all. It is to be hoped that this trifling with the public will cease, and the former plan be adopted—and, if not, then let the community take the matter up, and visit the recalcitrant boat with a withdrawal of their patronage.

CIGARS.—The attention of our readers is directed to the large stock of cigars and tobacco advertised by our friend Winter—whose assortment (we speak from our own observation and use) embraces every variety in his line, and is calculated to satisfy the most fastidious in the use of the article in any of its various forms.

Rev. Dr. Ryder, President of Georgetown College, will preach in St. Matthew's Church on Sunday morning, at 11 o'clock.

Divine service may be expected to-morrow at 11 o'clock in the morning, and at 8 o'clock in the evening, in Carusi's room on 11th street, lately occupied as the City Post Office. Citizens and strangers are invited to attend. June 22.

I. O. O. F.—The members of Central Lodge, No. 1, are requested to meet at their Hall this afternoon, at four o'clock, to attend the funeral of brother Truman, late a member of said Lodge. Brethren of sister Lodges in good standing are fraternally invited to attend. **FRED. IDDINS,** Secretary. June 22.

DYOTT'S ANTI-BILIOUS PILLS

As a family medicine, a mild, gentle purgative, and purifier of the blood—the general use of these celebrated Pills throughout the United States for forty years past, and the strong recommendations they have acquired from all classes of our fellow citizens, places them in a much more elevated situation in public estimation, than any other remedy which has hitherto been introduced.

The following are among the many diseases for which Dr. Dyott's celebrated pills are so deservedly distinguished for curing. By their counteracting properties in removing the bile from the stomach, they prevent and cure the bilious fever, chills or ague and fever; spring and fall fevers; yellow fever; bilious cholera pleurisy; dysentery; worms; bilious vomiting; sick and foul stomach.

By cleansing the bowels and stomach from all impurities, they restore the appetite; remove flatulency; cure the headache; habitual costiveness; colds; coughs; asthma; epileptic fits; hypochondria; hysterical complaint; strangury; gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatism and gout, lumbago or pains in the back. All impurities in the blood yield to their happy effect, whether proceeding from constitutional ailment, or from indiscreet intemperance.

These celebrated pills have been used to very great advantage in curing the dyspepsia, or indigestion, bronchitis, liver complaint, &c.

They are an infallible medicine for Female Complaints generally, and especially for removing those obstructions which are the source of their ailments at certain periods, they possess the eminent advantage over most other purgatives, that while they operate gently, they produce neither costiveness, debility, nor too great excitement.

Whenever there is a predisposition to receive disease from marsh effluvia, or from a too copious use of ardent spirits, or from a vitiated state of the bile, these pills will assuredly counteract it.

They are highly recommended to travellers by sea or land, and may be made use of without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates, they deterge and cleanse the humors, open obstructions and promote the secretion of good bile, operate as an easy cathartic, as a powerful diuretic, and as a diaphoretic.

Dr. Dyott, under the strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as the afflicted, at least once a fortnight, during the Spring and Summer months, in which he feels assured those who attend to his advice will find the benefit they seek.

A bill of directions accompanies each box of Pills. Take notice—each box is sealed with red wax, stamped with the Proprietor's coat of arms, and signed **T. W. DYOTT, M. D.** and **T. W. DYOTT, Jr.**

For sale at the Bookstore of **R. FARNHAM,** corner of 11th street and Penn. Avenue, and at the most respectable Drug Stores in the District, where, also, are for sale separately, all the sixteen Standard Preparations as contained in Dyott's Family Medicine Chest. je18

SIDALL'S INDIAN VERMIFUGE.

THIS valuable medicine is offered to the public with the confident assurance of its superior efficacy as a remedy for worms. It not only expels the worms, but prevents the return of them, by removing the weak state of the digestive organs on which their production mainly depends. It also removes the superabundant mucus or slime existing in the stomach of children in bad health, and which forms the bed or nest in which the worms produce their young. In doubtful cases, where there is a general derangement of system from want of due action in the liver and a debilitated or torpid condition of stomach and bowels, the INDIAN VERMIFUGE gives speedy relief by cleansing the stomach and bowels and stimulating the liver to healthy action—the appetite is speedily restored, and the pale and sunken countenance gives place to the plumpness of face, and the ruddy hue of health.

The following general agencies are established in Philadelphia, where the medicine may be had Wholesale and Retail:—
Dyott's Fountain Head, Second above Race street, and Vaughan, Third and Race street. Price 25 cents.

For sale at **R. FARNHAM'S** Bookstore, corner of 11th street and Penn. Avenue, and at the most respectable Drug Stores in the District. je18

WHITWELL'S JAUNDICE TEMPERANCE BITTERS.

OR PEOPLE'S BEST REMEDY.—For the cure of Jaundice, Fever and Ague, Debility, Worms, &c.

EVIDENCE OF THE GOOD QUALITIES OF THIS COMBINATION.—Dr. Cooper, in his Medical Dictionary, in allusion to a prominent ingredient in these Bitters, says—"It has been found very effectual in restoring digestion, expelling flatulence, and removing costiveness, as common in sedentary life."

Dr. Lettsen, the most scientific physician in Europe, says, on the same page, "In hysterical affections, it affords more vigor and relief than any other article before known."

Dr. Bigelow, in his sequel to the U. S. Pharmacopoeia, says, page 331, in allusion to the same article, "It is one of the most valuable of the Bitter Tonics. It has an invigorating effect on the stomach and bowels, and is peculiarly serviceable in dyspepsia."

These Bitters contain a large proportion of the *Extracts of Sarsaparilla and Tomatoes*, as any bitters in the United States, and rank immeasurably above all others in existence for creating an appetite, reviving the spirits, and strengthening the whole system.

HOMEOPATHIC PRINCIPLES.—Medicine in the minutest doses, with the least of the ingredients, is the basis of the same complaints as the Temperance Bitters, and should always be used together, the pills being a gentle cathartic, and the Bitters the best tonic, or strengthener, in existence. The Bitters are capital for cleansing the blood, are free from stimulus, and sold at the low price of 25 cents for a pint bottle, the Pills at 25 cents a box.

TO THE READER.—Whenever you want OPODEDOC, always buy Whitwell's, and no other, or you will be deceived and disappointed. It is infallible in Rheumatism, Sprains, &c.

WHITWELL'S AROMATIC SNUFF is also a capital article in Catarrh, Headache, &c. Price 25 cents a bottle.

For sale at the Bookstore of **R. FARNHAM,** corner of 11th street and Penn. Avenue, and at the most respectable Drug Stores in the District. je18
